

# MOLYDUVAL

## Long-Life ZSAMB

### Grease for Lubrication Systems

A heavy duty lubrication grease for high loaded rolling and sliding bearings, offers excellent wear protection, good water resistance, corrosion protection and long-life performance. Especially suitable for central lubrication systems

#### Characteristics

- good anticorrosive properties
- reduces wear and friction
- long-time stable, effects long life-time and low cost
- suitable for centralized lubrication systems
- excellent extreme pressure ability
- good resistant against cold and hot water, even sea water

#### Applications

- for bearings in automotive
- for centralised lubrication systems in industrial applications
- for centralised lubrication systems at trucks, or other bouw equipment
- for maintenance-low gears, even small ones and precision ones

#### Technical Datas

Color		green
Base Fluid		Min
Thickener		Li
Name		ISO-L-XECEB00/000
Name		KP00/000K-50
Consistency Class NLGI		00-000
Viscosity Base Fluid, 40°C	mm <sup>2</sup> /s	45
Density 15°C	kg/m <sup>3</sup>	910
Temperature Range	°C	-50 -> +120
Temperature Range shortly up to	°C	140
Dropping Point	°C	> 160
Water Resistance Static	Grade	1-90
Wear Protection VKA welding load	N	2000

*The indicated service temperatures are guide values depending on the lubricants composition and on the application. They may vary in case of special influences or ongoing use.*

The content of this manual is based on our current knowledge and experience in the development and manufacture of lubricants. Because of the complexity of tribological systems, the effect of our products depends on many parameters, which we cannot assess and which influence we cannot evaluate. For this reason general statements about the function of our products are not possible. The information in this manual, therefore, contains non-binding guidelines, which should give the technical trained reader information on possible applications. The information in this manual does not include property assurances or warranties or guarantees to the properties or suitability of this product in a specific application. Prior to its use it is absolutely necessary to test this product in the application to ensure that the product and its use is safe, economical and fully suitable. It should proceed with due diligence. We reserve the right to change the information in this manual at any time and without notice. All previous versions of this manual are no longer valid.
