

MOLYDUVAL

Leak Detector Spray

Leak Detector Spray

A proven leak tester for hoses and pipes, welded and soldered connections, screw connections, fittings, valves, refrigeration systems, gas bottles and other pressurized containers and lines. Important for checking the safety of systems with CO₂, flammable gases and refrigeration systems. Important to avoid economic losses due to undetected leaks.

Characteristics

- good anticorrosive properties
- ecologically safe
- harmless
- compatible with metals like aluminium, chrome, nickel, steel
- compatible with many seals and plastics
- odor less
- not suitable for polyamides
- high percentage of effective substances
- economic in use

Applications

- to find leaky places in gas and air supply lines, hoses, valves, pipes, compressed air tanks, faucets, gas bottles etc. like it at climatic and refrigerant plants, compressors, oxygen masks, gas transport vehicles and other apparatus
- suitably for acetylene, butane, propane, carbon dioxide (CO₂), hydrogen, natural gas, town gas, liquid gas, compressed air systems (brake assemblies)

Technical Datas

Color		transparent
Density 40°C	kg/m ³	1000
Flash Point COC	°C	> 300
Pack Size spray can		400 ml

The content of this manual is based on our current knowledge and experience in the development and manufacture of lubricants. Because of the complexity of tribological systems, the depends on many parameters, which we cannot assess and which influence we cannot evaluate. For this reason general statements about the function of our products are not possible. The information in this manual, therefore, contains non-binding guidelines, which should give the technical trained reader information on possible applications. The information in this manual does not include property assurances or warranties or guarantees to the properties or suitability of this product in a specific application. Prior to its use it is absolutely necessary to test this product in the application to ensure that the product and its use is safe, economical and fully suitable. It should proceed with due diligence. We reserve the right to change the information in this manual at any time and without notice. All previous versions of this manual are no longer valid.
