

MOLYDUVAL

Sekorex Non Tox Spray

Chain Fluid Spray for Food Industry

A modern, synthetic food grade chain fluid formulated for chains in Food and Pharma Industry. In comparison to chain oils based on mineral oil it offers food compatibility, that means that all components are approved by USDA and NSF. Based on Food Grade and USDA H1 cleared Polyalphaolefines (PAO) it is miscible with mineral oils, has a good seal compatibility, and a top high temperature stability, and excellent wear protection.

Characteristics

- resistant to water
- excellent tackiness
- Food grade, conforms to the NSF H1 regulations for use in Food Industry
- harmless
- tasteless
- odor less
- unsoluble in water

Applications

- for chains in food industry, for packing and filling machines
- for chains, drive and transport chains, in conveying machines, pasteurize plants, sorting stations, peelers, packing and labelling machines, shrinking tunnels
- for chains in textile industry
- for chains in drying ovens, painting ovens, baking ovens, e.g. in the production of plasterboard and chipboard as well as glass or rock wool

Technical Datas

Color		transparent
Base Fluid		PAO
Name		CLPHC460
Viscosity 40°C	mm ² /s	460
Density 15°C	kg/m ³	920
Temperature Range	°C	-30 -> +200

The indicated service temperatures are guide values depending on the lubricants composition and on the application. They may vary in case of special influences or ongoing use.

The content of this manual is based on our current knowledge and experience in the development and manufacture of lubricants. Because of the complexity of tribological systems, the effect of our products depends on many parameters, which we cannot assess and which influence we cannot evaluate. For this reason general statements about the function of our products are not possible. The information in this manual, therefore, contains non-binding guidelines, which should give the technical trained reader information on possible applications. The information in this manual does not include property assurances or warranties or guarantees to the properties or suitability of this product in a specific application. Prior to its use it is absolutely necessary to test this product in the application to ensure that the product and its use is safe, economical and fully suitable. It should proceed with due diligence. We reserve the right to change the information in this manual at any time and without notice. All previous versions of this manual are no longer valid.
