# Cement Remover Extra

**Cement Remover Extra** is a fluid intended for removing dried concrete, founded on organic salts. It closely resembles hydrochloric acid and does not burn skin on contact. However, it is recommended to use gloves, goggles and a mask that protects the air passages.

## SAFETY

Before using the product, familiarize yourself with the SDS.

**KEEP AWAY FROM CHILDREN.**

Emergency telephone number: 112 (Germany), 999 (Great Britain) 112 (Latvia),

**Directions for use:** Do not use on wet surfaces.

- 1) For tool's and device's soiled with cement, lime or plaster, apply the liquid directly using an atomizer or cloth,
- 2) Wait 5 to 8 minutes. Whilst the liquid saturates into the concrete substance, it will begin to effervesce and active foam will appear,
- 3) Remove the liquid along with any dirt from the tools / devices thoroughly, by washing the surface with stream of water or wiping with a wet cloth.

Attention!!! Do not use on heated surfaces, plastics, rubber. Do not leave fluid on the surface for more than 10 minutes. BEFORE APPLYING ON A LARGE AREA, YOU SHOULD CARRY OUT A TEST ON A SMALL SURFACE.

It is also recommended to immerse the entire tool in liquid and then, after a few minutes, rinse with water.

Permanent, long lasting or heavy dirt may require additional liquid to be re-applied, then waiting for a substantial period of time (tens of minutes) during which **Cement Remover Extra** will be effectively absorbed into the structure of the compacted concrete mass, and then rinsed with high-pressured water.

**EXPIRY DATE:** ONE YEAR FROM THE PRODUCTION DATE.

**STORAGE:** KEEP IN A DRY PLACE, TEMP. FROM +5.C -TO- +35.C

## PRODUCT WARRANTY:

The manufacturer declares that he assumes responsibility for the product in terms of its properties and effectiveness in relation to its intended use.

The product only works when used as intended.

The manufacturer is not liable for the product if it is used for other purposes.

### TECHNICAL SPECIFICATIONS

**Product Name:** Cement

**Remover Extra**

**Updated:** 11-10-2016

**Chemical name / composition:** Chloride Salts from hydrochloric acid

**INCI name:** N / E

**Parameter marked:** According to the specification:

**Organic acid content (item 1)% (m / m)** 70.0-72.0

**Organic acid content (item 2)% (m / m)** <= 1.0

**Sulphate content,% (m / m)** <= 0.0800

**Color on the Gardner scale** <= 3

**Turbidity** <= 6

**Methoxy acetic acid content,% (m / m)** <= 0.5

**Appearance:** Light yellow liquid

**Refractive index at 20.C** 1.40940-1.41060

**Period of validity:** 1 year

**Packaging:** 20 liter canister, 200 liter drum, 1000 liter container

**Transport:** RID / ADR class: 8

**ADR classification code:** C3

**Warning sticker:** 8

**UN number:** 3265

**Ph.0,1**

**ATTENTION: USE THE PRODUCT ONLY AND EXCLUSIVELY IN ACCORDANCE WITH ITS PURPOSE.**
